

CADYIR ON THE COMPUTER

VIRTUAL PROGRAM

ABOUT THE PROGRAM

CAFYIR on the Computer is a virtual program open to students in grades Kindergarten to Eighth Grade. We will have weekly meetings focusing on a variety of topics. In our meetings we will cover topics from emotional intelligence and self-confidence to goal setting and persistence. Students will have the opportunity learn how to apply what they're learning in school to real life, participate in engaging discussions, and gain valuable life skills that are applicable to future careers in all fields.

MEETINGS

K-2

Through fun and engaging activities students will receive a strong foundation on a variety of topics, preparing them for their future educational careers.

3-5

Students will have the opportunity to dive deeper and discuss topics vital to a successful educational journey and future career.

6-8

Students will not only dive deep into discussing important life skills, but they will also have the opportunity to gain valuable leadership skills that will be proven beneficial throughout high school, college, and in a future career.

WHEN YOU REGISTER

INFORMATION & PARTICIPATION PACKET

You will receive an information packet with everything you need to know about our meetings. You will also receive a participation packet including guided activities for our meetings.

NOTEBOOK & WRITING UTENSILS

You will receive a notebook to use throughout the meetings and a writing utensil pack with various writing supplies.

BOOK TO ENJOY

You will receive a book to enjoy that has been donated to our CAFYIR lending library! The book will be chosen based on the grade level selected on your registration form!
